

PRESS RELEASE
30th April 2009
EMBARGO UNTIL 5.00 pm

Fountain Group: Trading Update Q1 2009.

In a very difficult economical environment, The Fountain Group has nearly reached end March 2009 its objectives in terms of operating cash flow, cost adjustments initiatives have been taken in order to get back to the objective.

The implementation of the SAP software is in line with expectations, the Group keeps close eyes on any external growth opportunities in particular on Dutch and Belgian markets

End March, the Fountain Group confirms its 2009 objectives, an operating cash flow performance roughly at the same level as the one reached in 2008 .
